

Future fair: mission control

Life in the Universe & Future

WORKSHEET A / SOLVE / CHOOSE / TALK

Name _____ Class _____ Date _____

A1 Plan, evidence or prediction?

Read the displays. Write A, B or C for each clue.

A

OUR PLAN

We have decided:
we are going to make
a model of Mars.

B

LOOK NOW

The model is falling
off the desk! It is
going to hit the floor.

C

OUR PREDICTION

I think future schools
will use less energy.
I cannot be certain.

1. Which display uses something we can see now?
2. Which display describes a decision already made?
3. Which display gives an uncertain idea about the future?

TALK Give your own plan and prediction. Begin the prediction with I think.

A2 Language choices

Circle the correct choice. Then read each complete sentence.

1. Our plan is ready. We ____ Mars tomorrow.
are going to study / is going to study
2. Look! The cup is falling. It ____.
are going to break / is going to break
3. I think people ____ new kinds of vehicles.
will invents / will invent
4. ____ they going to present their model on Friday?
Are / Will
5. The experts won't arrive late, ____?
won't they / will they

MAKE IT YOURS Change a person, place or time in one sentence.

Future fair: mission control

Life in the Universe & Future

WORKSHEET A / READ / NOTICE / CREATE

Name _____ Class _____ Date _____

A3 The future classroom

Our science club is going to hold a future fair next month. Noor is going to make a model of the solar system. Leo is going to collect pictures of extreme weather. His display will include floods, droughts and blizzards. Maya wants to invent a classroom lamp that uses less energy. She thinks new technology will help schools in the future. These are ideas and predictions, not facts about the future. The group has a clear plan: they are going to use old boxes for every model.

1. When is the fair?
2. Who is making a solar system model?

3. What does Maya want to invent?
4. What materials are they going to use?

A4 Fact detective

1. Leo is collecting extreme weather pictures. T / F
2. Maya's prediction is a certain fact. T / F
3. They plan to buy new plastic boxes. T / F

Circle T or F. Fix the false detail(s) below.

A5 MY FUTURE SCHOOL

Write six sentences about a future school. Include two going to plans, two will/won't predictions, one example of present evidence and one future question tag.
