C-Write the words into the correct box

- | | | |
|-----------------|-------------------------|-----------------------------|
| 1-wind energy | 6-eco-friendly products | 11-renewable energy sources |
| 2-nuclear waste | 7-solar energy | 12-water pollution |
| 3-harm animals | 8-recycle | 13-global warming |
| 4-air pollution | 9-climate change | 14-pesticides |
| 5-deforestation | 10-plant trees | 15-overhunting |

D-Complete the sentences with the words / phrases below.

- | | | | |
|---------------|------------------|--------------|-----------------|
| POLLUTE | PESTICIDES | ECO-FRIENDLY | WATER POLLUTION |
| DEFORESTATION | PUBLIC TRANSPORT | WASTE | WIND ENERGY |
| | | | RECYCLE |

1-People throw rubbish into the seas, lakes and rivers. It causes _____

2 _____ are very dangerous and poisonous chemicals.

Farmers shouldn't use them in agriculture.

3-We should _____ paper, plastic and glass.

4-People cut down trees illegally. It causes _____

5 _____ is a renewable energy source.

6-We should use _____ to reduce air pollution.

7-Cars release harmful gases. They _____ the air.

9- People should use _____ products.

They are less dangerous for the nature.

E-Odd one out

- | | | | |
|-----------------|----------------|------------------|----------------|
| 1-paper | plastic | mountain | glass |
| 2-recycle | reduce | reuse | report |
| 3-protect | pollute | destroy | damage |
| 4-deforestation | climate change | public transport | global warming |
| 5-dangerous | renewable | harmful | illegal |

F-Circle the correct one.

1-We should _____ renewable energy sources like wind & solar energy.

- A)pollute B)use
C)avoid D)lose

2-We must use eco-friendly products to our world and nat

- A)protect B)reduce
C)collect D)disturb

3-We must more trees to reduce air pollution

- A)decrease B)cut down
C)recycle D)plant

4-.....is an increase in the temperature of the Earth.

- A)Deforestation B)Global warming
C)Public transport D)Air pollution

5-Andy: We should turn off the taps when we brush our teeth.

Andy is talking about a precaution against

- A)fossil fuels B)wasting water
C)water pollution D)traffic jam

6-We must protect rainforests and animals because they are important for the of nature

- A)balance B)rubbish
C)damage D)waste

7- We should turn off the lights to

- A)harm nature B)waste electricity
C)save energy D)destroy habitats

8- We shouldn't use

- A)eco-friendly products
B)public transport
C)fossil fuels
D)renewable energy sources

9-..... because people pollute lakes, rivers and oceans with garbage and oil.

- A) People cut down rainforest
B) Sea life and birds are in danger
C) Icebergs are melting in the Arctic
D) Greenhouse gases keep the earth warm

10-Jason : Pollution is a big problem in cities.

Sally :

Jason: We can use public transport, cycle, or walk.

A) Where were you yesterday

B) What does pollution mean

C) Where can we move

D) What should we do

11-Mrs. Bond asks her students what kind of precautions people should take about environmental problems. Here are their answers:

Judy : People should use public transportation.

Ted : We shouldn't use plastic bags.

Betty: People should plant more trees.

Matt : We should go everywhere using our private cars.

Who does NOT answer Mrs. Bond's question correctly?

- A) Judy B) Ted C) Betty D) Matt

12-Wendy: Yesterday, we went jogging in the forest, and I realized that people cut down trees. However, forests are very important for oxygen and fresh air. What can we do to prevent it?

Tina : We must prepare some posters and organize a campaign.

Wendy: Good idea.

According to the conversation above, Wendy and Tina are talking about

- A) climate change B) saving energy
C) air pollution D) deforestation

13-People pollute rivers, seas, and lakes. They throw rubbish into the oceans. Air is polluted with chemicals from factories and cars. This can cause health problems. Cutting down trees is another environmental problem. Cutting a large number of trees harms animals, too. They lose their home. Before it is too late, we should stop destroying the environment and take some precautions to save the world.

Which of the following is NOT mentioned in the text?

- A) Deforestation B) Water Pollution
C) Soil Pollution D) Air Pollution
