

ENVIRONMENTAL PROBLEMS (Çevre Sorunları)

air pollution: hava kirliliği

climate change: iklim değişikliği

deforestation: ormanların yok olması

drought: kuraklık

extinction of animals: hayvanların neslinin tükenmesi

global warming: küresel ısınma

noise pollution: gürültü kirliliği

wasting energy / water: enerjiyi / suyu boşa harcamak

water pollution: su kirliliği

PROTECTING THE ENVIRONMENT (ÇEVREYİ KORUMAK)

SHOULD (YAPILMASI GEREKENLER)

buy eco-friendly products: çevre dostu ürünler satın almak

keep the streets clean: sokakları temiz tutmak

pick up rubbish: çöp toplamak

plant trees: ağaç dikmek

protect animals: hayvanları korumak

recycle paper, glass and plastic: kağıt, cam ve plastiği geri dönüştürmek

turn off / switch off the lights: ışıkları kapatmak

turn off the tap: musluğu kapatmak

unplug electrical devices: elektrikli cihazların fişini çekmek

use cloth bags: bez çanta kullanmak

use energy saving bulbs: enerji tasarruflu ampuller kullanmak

use public transportation: toplu taşıma kullanmak

use recycled materials: geri dönüştürülmüş materyaller kullanmak

use renewable energy sources: yenilenebilir enerji kaynakları kullanmak

use solar / wind energy: güneş / rüzgar enerjisi kullanmak

walk or cycle to short distances: kısa mesafelerde yürümek veya bisiklete binmek

use both sides of paper: kağıdın her iki yüzünü kullanmak

SHOULDN'T (YAPILMAMASI GEREKENLER)

cut down trees: ağaçları kesmek

destroy forests: ormanları yok etmek

have a long shower: uzun duş almak

hunt animals: hayvanları avlamak

leave the lights on: ışıkları açık bırakmak

light a fire in the forest: ormanda ateş yakmak

pollute the environment: çevreyi kirliletmek

throw rubbish into lakes, rivers or seas: göllere, nehirlere veya denizlere çöp atmak

use chemicals: kimyasallar kullanmak

use coal for heating: ısınma için kömür kullanmak

use fossil fuels: fosil yakıtlar kullanmak

use perfumes: parfüm kullanmak

use pesticides: böcek ilacı kullanmak

use plastic bags: plastik poşet kullanmak

waste water and electricity: su ve elektriği boşa harcamak

wear fur: kürk giymek

Small actions
BIG IMPACT!

OTHER IMPORTANT WORDS

(DİĞER ÖNEMLİ KELİMELEER)

air conditioning: klima

amount: miktar

avoid: kaçınmak

balance: denge

basics: temel

burn: yakmak, yanmak

cause: neden olmak

classify / sort out: ayırmak, sınıflandırmak

clue: ipucu

danger: tehlike

device: cihaz

earth: dünya

effect: etki

efficient: verimli

effort: çaba

environment: çevre

environmentally friendly: çevre dostu

field: tarla

fight against: mücadele etmek

fresh: taze

garbage: çöp

glacier: buzul

greenhouse effect: sera etkisi

greenhouse gases: sera gazı

grow: büyümek

hole: delik

illegal hunting: yasadışı avlanma

nature: doğa

ocean: okyanus

ozone layer: ozon tabakası

endangered animals: nesli tükenmekte olan hayvanlar

important: önemli

increase: artış

harm: zarar vermek

harmful: zararlı

necessary: gerekli

recyclable: geri dönüştürülebilir

recycling bin: geri dönüşüm kutusu

renewable: yenilenebilir

respect: saygı

responsibility: sorumluluk

reusable: yeniden kullanılabilir

reuse: tekrar kullanmak

save: korumak, tasarruf etmek

smooth: pürüzsüz

soil: toprak

stop: durdurmak, sona erdirmek

surface: yüzey

surround: çevirmek, sarmak

survive: hayatta kalmak

take action: harekete geçmek

temperature: sıcaklık

threaten: tehdit etmek

tiny: minik, küçücük

unplug: fişi prizden çıkarmak

waste: israf etmek

water: sulamak

weather: hava durumu

wet: ıslak

efficient device: verimli cihaz

LEARN THESE WORDS,
PROTECT OUR PLANET! ❤️

ENVIRONMENTAL PROBLEMS

Look at the pictures and write the correct words.

Noise pollution

Deforestation

Drought

Air pollution

Water pollution

Global warming

Climate Change

MATCHING

A

- 1  Recycle
- 2  Global warming
- 3  Renewable energy
- 4  Deforestation
- 5  Pollution

B

- a. Dirtying the environment 
- b. Cutting down trees 
- c. Energy from sun or wind 
- d. Increase in Earth's temperature 
- e. To use again 

Learn today, protect tomorrow! ♥

LET'S PROTECT OUR PLANET! ♥

Be the change, save the Earth!

Circle the correct option

1 Which of the following is an example of air pollution?

- A) Cutting down trees
- B) Throwing rubbish into rivers
- C) Smoke from cars and factories
- D) Planting trees

2 What should we do to save energy?

- A) Leave the lights on all night
- B) Use solar energy
- C) Burn more fossil fuels
- D) Hunt animals

3 Which one causes "deforestation"?

- A) Planting new trees
- B) Using public transportation
- C) Cutting down forests
- D) Recycling glass

Choose the correct option

1 To protect the environment, you _____:

- A) should throw rubbish into the sea
- B) should recycle paper and plastic
- C) shouldn't plant trees
- D) should waste electricity

2 You _____ leave the lights on when you leave a room.

- A) should
- B) shouldn't
- C) should always
- D) shouldn't recycle

3 We _____ use public transportation to reduce air pollution.

- A) should
- B) shouldn't
- C) should litter the streets
- D) shouldn't walk or cycle

4 People _____ cut down trees in the forests.

- A) should always
- B) shouldn't
- C) should recycle them
- D) shouldn't use eco-bags

True / False

True False

1 Using eco-friendly products helps the environment.

☐ ☐

2 Cutting down trees protects nature.

☐ ☐

3 Solar and wind energy are renewable sources.

☐ ☐

4 Throwing litter into rivers protects sea creatures.

☐ ☐

5 Turning off the lights saves energy.

☐ ☐

Should / Shouldn't

1 We _____ (save) water by turning off the tap.

2 People _____ (cut down) trees because they are important for nature.

3 You _____ (use) reusable bags when shopping.

4 Factories _____ (pollute) the rivers.

5 Students _____ (throw) rubbish on the ground.

5) You _____ pick up rubbish in the park.

- A) should
- B) shouldn't
- C) should throw more
- D) shouldn't walk

6) We _____ use plastic bags because they harm nature.

- A) should
- B) shouldn't
- C) should reuse them
- D) shouldn't recycle paper

7) Students _____ turn off the tap while brushing their teeth.

- A) shouldn't
- B) should waste water
- C) should
- D) shouldn't protect animals

8) We _____ support campaigns about climate change.

- A) shouldn't join them
- B) should
- C) should throw litter
- D) shouldn't take action

Small actions today, big changes tomorrow!

9 You _____ use energy-efficient light bulbs at home.

- A shouldn't
- B should
- C should waste electricity
- D shouldn't recycle

10 To save the planet, we _____ take action today!

- A should
- B shouldn't
- C should ignore problems
- D shouldn't respect nature

THINK

GREEN!

Small actions,
big changes!

I. FILL IN THE BLANKS (BOŞLUK DOLDURMA)

Use the correct word
from the box below.

air pollution recycle endangered unplug drought
chemicals forests global warming take action balance

1. We must _____ old papers and bottles to protect nature.
2. Cutting down too many trees can harm the natural _____.
3. _____ is a serious problem caused by cars and factories.
4. We should _____ electronic devices when not in use.
5. Lions and pandas are _____ animals.
6. We need to _____ before it's too late for the planet.
7. Because of _____, many lakes and rivers are drying out.
8. Factories use harmful _____ in their production.
9. The destruction of _____ causes loss of animal habitats.
10. The Earth is getting hotter because of _____.

Let's protect our Earth
for a better tomorrow!

The Earth is our only home, and it needs our help. Human activities harm nature. For example, using too many cars and factories increases air pollution. When people throw waste into rivers, it pollutes the water and kills sea animals. Cutting down forests causes climate change and destroys animal habitats.

There are many things we can do to help. We should use cloth bags instead of plastic ones. We shouldn't leave the lights on when we don't need them. We must use energy-saving bulbs and unplug devices when we are not using them. Also, we should walk or cycle for short distances instead of using cars.

Let's take care of the Earth now, so future generations can live in a clean and healthy world. Every small step makes a big difference!

? Answer the questions:

1 What increases air pollution?

2 Why is it bad to throw waste into rivers?

3 What should we use instead of plastic bags?

4 How can we save electricity at home?

5 Why should we walk or cycle short distances?

Small actions today, big changes tomorrow.
Let's protect our planet! ♥
